

HIGHWAY, LOCAL ROAD, AND STREET SAFETY FOR NON-ENGINEERS

Presentation Description:

This presentation is designed for persons throughout Oregon with responsibilities related to traffic and highway safety.

Who should Attend and Why:

The presentation will be of value to elective officials, city councilors, law enforcement personnel, traffic safety committee member and concerned citizens. The presentation introduces the latest developments in the field of roadway safety and is an opportunity for all decision makers and concerned citizens to exchange up-to-date information. Common road and street hazards are reviewed along with practical ways to improve road and street safety.
